WHAT IS ALS?

The **Alternative Learning System (ALS)** is a parallel learning system in the Philippines that provides opportunities for out-of-school youth and adult (OSYA) learners to develop basic and functional literacy skills, and to access equivalent pathways to complete basic education.

A viable alternative to the existing formal education system, ALS encompasses both non-formal and informal sources of knowledge and skills. As a second chance education program, it aims to empower OSYA learners to continue learning in a manner, time and place suitable to their preference and circumstances, and for them to achieve their goals of improving their quality of life and becoming productive contributors to society.

WHO ARE ELIGIBLE TO ENROLL?

- Those who pass the elementary/ junior high school A&E/ Portfolio Assessment and certification process.
- Those who pass the old curriculum, 2015 and below, but did not continue for higher education.

WHAT DOCUMENTS ARE REQUIRED TO ENROLL?

Interested ALS learners should complete and submit the following requirements to ALS teachers in your area or to the Schools Division/District Office:

- Photocopy of birth certificate (PSA) / marriage certificate
- 2x2 ID picture (white background)
- AF5 (Learners Permanent Record)
- Report Card/School Form 137 (if coming from formal school)
- Copy of Diploma/Certificate of Completion

HOW DO I KNOW IF I AM OFFICIALLY ENROLLED IN ALS?

Upon submission of all the required documents, the ALS learner should be registered by the ALS teacher in the Learner Information System (LIS). A unique Learner Reference Number (LRN) will be issued if successfully enrolled in the system. Note that each learner, whether in ALS or in the formal education system, should possess one LRN only.

WHAT ARE THE LEARNING MODALITIES?

The learning modalities used in the St. Robert's International College – Alternative Learning System (SRIC-ALS) are designed to cater to the diverse needs, circumstances, and learning preferences of out-of-school youth and adult (OSYA) learners. These modalities are part of the Alternative Delivery Modes (ADM) framework recognized by the Department of Education.

1. Face-to-Face Learning
2. Modular Learning
3. Online Learning
4. Independent Learning via LMS
